There comes a time.
when we make
a difference!

#BMKdelta

AFTER-SALES-SERVICES - PLACE YOUR TRUST IN US. **WE TAKE UP THE CHALLENGE IN ORDER TO OFFER** **OUR CUSTOMERS THE BEST POSSIBLE SERVICE.**

BMK is the after-sales full service partner for electronic assemblies and systems of demanding companies. Our process specialists develop optimal models for process logistics in close cooperation with them and interlock these with economic repair strategies.

FACTS AND FIGURES

- Foundation: 2001
- Employees: 150
- Production area: 8,000 m²

PERFORMANCE RANGE

- Chip-level repair
- Modul-level repair
- BGA rework
- Software updates
- Modification
- Rework
- Test
- Analysis
- Assembly
- Service and logistic

PERFORMANCE

- Intra day processing of order received by 12 noon
- quotations prepared within 8 hours
- 3.000 chip-Level repair every month
- 2.000 modul-Level repair every month
- 60.000 modifications every month Hard- u. Software
- 3.000 BGA rework processes every month
- 5,000 product services every month

REPAIR PARTNER

- Analysis and repair of assemblies of the highest technical standard, from chip level to module level: industrial electronics, embedded systems, steering technology, safety electronics, inverters
- Reworking, modification, BGA exchange, reballing, SMT soldering, screening, flashing, and image exploitation
- Technology spectrum: flying probe, X-Ray, paint, climate test, function test, special rework machines
- IT-based spare parts management of components
- Customer-specific service supply chain: component procurement, tailored repair islands, processing logistics
